WHAT IS STANDARD 100 BY OEKO-TEX?

Products bearing the STANDARD 100 by OEKO-TEX® label feature all the advantages of modern textiles, and are fully tested and certified free of harmful substances.

To earn certification, every component of the garment must meet the strictest testing criteria. This involves testing the fabric, zippers, threads, and trims, to ensure every part is free of harmful substances. The criteria to attain STANDARD 100 by OEKO-TEX® labelling are updated every year with new scientific findings, and often exceed national and international standards.

OEKO-TEX®
CONFIDENCE IN TEXTILES
